**THE BLANDFORD  
SCHOOL**

8<sup>th</sup> September 2017

Dear Parent/Carer

The Blandford School is offering the opportunity for Year 6 students to attend a series of master class lessons in Science. These classes are aimed at students who have an interest in Science and would like to increase their practical experience in the subject.

The Science master classes will take place in a Science lab at 3.45pm to 5pm on the following dates.

12/10/17	Light & Sound
14/12/17	Microscopes
8/2/18	Electricity
22/3/18	Fizz, bang & pop
17/5/18	Making & testing gases

For further details or to book a place, please email Toni Barber [tbarber@blandfordschool.org.uk](mailto:tbarber@blandfordschool.org.uk) with **KS2 Science Master Class** in the subject heading. Please note that spaces are limited and will be allocated on a first come first served basis. If your child can't attend for any reason please let us know so we can invite a child from the reserve list.

**Places are restricted to a maximum of 40 students across our Feeder Primary schools.**

Parents/Carers will be responsible for taking and collecting their child to The Blandford School for these fun sessions. Please drop them off and collect them from the main school reception so they can sign into the school. When you book a place with Mrs Barber, please inform her of any learning or medical needs your child may have and a contact number in case of emergency.

Yours sincerely

Richard Wort  
Deputy Head of Science
