

Pimperne Primary School  
Newsletter for Parents – Year 6 – Autumn (1) 2018

**As Artists and Design Technicians we will be learning:**

- To practise sketching techniques using shades of light and dark
- To create artwork inspired by The Rocky Mountains
- To create a piece of artwork using black and white photographs

**As Historians we will be learning:**

- This half-term's topic will be based around geography

**Our topic is . . .**

**People and Places  
The Americas**

**As Scientists we will be learning:**

- Light to include - shadows, reflection and refraction, and how our eyes work

**As Geographers we will be learning:**

- To explore physical geography of the world, such as mountains, valleys, rivers and lakes
- To explore human geography of the world, such as settlements, population, land use and use of natural resources
- To name and locate states within the USA and countries within North and South America

English and Maths will be taught discretely during the mornings following Government guidelines. Where possible, however, links will be made to our topic as we will also tie in RE, PSHE, Computing and other areas of the curriculum.
