EXTRA CURRICULAR ACTIVITIES	£500
WRAP AROUND CARE	£250
IT SOFTWARE	£250
VIRTUAL SCHOOLS	£300
TOTAL	£86,800

The main barriers to educational achievement that the disadvantaged children in our school face include the following possibilities:

- Low income
- Unsettled family arrangements
- Inappropriate or inadequate housing
- Emotional instability of family member(s)
- Terminal illness or decreasing health of adults in the home
- Parents may not have had a successful or enjoyable education
- Siblings may have had disrupted educational experiences
- Safeguarding concerns
- Attendance

Additionally, the following educational/health issues have been identified amongst our pupil premium children:

- ASD
- ADHD
- Learning needs

In order to address these barriers we will spend our pupil premium funding to address these barriers:

- High quality data analysis and target setting to ensure high expectations
- Planning that specifically meets the needs of these groups
- Individual intervention plans
- Quality first teaching
- High quality teaching assistant support
- Parent Support
- ELSA (emotional literacy support assistant)
- Engaging specialist support services

We will measure the impact of the pupil premium by:

- Monitoring progress and attainment (in lessons, during year, between year groups, between key stages)
- Checking attendance
- Engagement of parents in school events (parents evening etc)
- Downgrading of welfare concerns

The date of the next pupil premium strategy review is September 2017. Progress checks are also carried out periodically throughout the year.
