

SPORTS PREMIUM IMPACT REPORT 2016 – 2017

Listed below is the impact that Sports Premium Funding has had on Pimperne Primary School pupils during the academic year 2016/17.

IMPACT

Increased participation in intra school sport

More competition in sport for all pupils. This has happened in PE Lessons, Extra-Curricular Clubs and Sports Day.

Increased participation in inter school sport

The school entered teams into all possible competitions

More and closer links with other Blandford schools (including TBS)

Pimperne entered all Blandford Schools Network sporting events. We were also closely involved with The Blandford School who supplied over 30 pupils (Sports Leaders) to help out at our Sports Day.

More and closer links with Bryanston School

We formed close links with Bryanston School, particularly with climbing sessions which saw 45 pupils taking part in climbing sessions.

Increased parental involvement in extra-curricular clubs

Parents now assisting in Running and Netball Clubs

More sporting success

See below

Provision made for continued growth of our sporting ethos next year

With Sports Leaders developing staff expertise in the coaching / teaching of PE, and with the raised profile of sport filtering down pupils and parents alike, we are in a far healthier position to continue the growth of PE next year in Pimperne.

In addition to participation, more stress put on the coaching, refereeing and organisation of sports in KS2

To engage a greater number of pupils in sport (both in and out of school) there was much more emphasis put on coaching and adjudicating skills within sport this year during PE lessons.

PIMPERNE SPORTING SUCCESSES 2016/17

Blandford Schools Tag Rugby	-	Runners up
