Learning at home

Dear Year 5,

I'm sorry that we've had to close the school and that our lessons are currently not taking place. In order that you can still learn loads and keep your mind, body and soul busy, I have put together some suggested learning for this week. I will aim to update this every week to give you new learning and fun activities as if you were at school! Stay well, sing lots and keep your spirits up.

Miss Tatham

Maths

- Daily early morning maths mats (See resources) – Choose whether you want to do 1*, 2* or 3*.
- Mathematics - Y5 Term 1 Reasoning Assessment
- Sumdog – Week 1 money problems
- Mystery of the brilliant breakfast (see resources)

Art/DT

- Colouring (see resources)
- Bake something delicious (See recipes in the resources or find a recipe of your own).
- Make video of you baking it. Are you the next Mary Berry? Paul Hollywood? Are you a youtuber of the future?

Science

- Have a go at one of the science experiments on the website below. Have fun!
<https://www.rigb.org/families/experimental/for-8-10-year-olds>

PE

- Try to do 60 minutes of exercise per day. There are some ideas for you to try (See resources) You can then complete the exercise log to show what you've done.
- Design an obstacle course in your back garden. What skills have you focused on? Can you time yourself and your family?

English

- Vocabulary for Earth and Space (see resources)
- Write a daily diary for the week (see resources)
- Daily reading - Read a variety of different books (fiction, newspaper articles, comics, information texts etc)
- Sumdog Spelling – /or/ sound spelt 'au'

Other exciting project work:

- Music from the Past - Research music from the decade your parents, grandparents or other older family members were born. What were the most popular bands or singers during this time? Perform a song from this decade and create your own dance routine. How could you improve your performance in order to achieve your personal best?
- Learn the words to your space songs (See resources) ready for your dance classes when the school reopens.

Learning at home

Possible Websites/Resources that may be useful:

- **Classroom Secrets Learning Packs** - These packs are split into different year groups and include activities linked to reading, writing, maths and practical ideas you can do around the home.
- **Twinkl** - to access these resources click on the link and sign up using your own email address and creating your own password. Use the offer code UKTWINKLHELPS.
- **SPAG.com** - Children have logons for this site. They can go on and have a go at some of the assessments I've set up.
- **The Royal Institution: Science Lives Here** - <https://www.rigb.org/families/experimental/for-8-10-year-olds>
- **Mathletics** - Children have logons for this site. They can go on and have a go at some of the assessments I've set up.
- **A 5 minute workout with Jo Wicks** - <https://www.youtube.com/watch?v=d3LPrhIov-w>
