

Sentence Surgery

Week beginning 27th April
2020

Adult information

Work through the attached punctuation and grammar slides during the week. We would recommend every other day. (**Example: Monday, Wednesday, Friday**)

The children can edit the punctuation through the PowerPoint by either highlighting or simply adding in the correct punctuation or you can challenge them by asking them to write the sentences in their home-learning books with the correct punctuation added in.

In school, the children love to mark their work with a coloured pen! It makes them feel just like a teacher.

For some children, it might be more beneficial to talk through the sentences and verbally correct the punctuation and grammar.

There are no rules! You know your child best!
