Learning at home

Year:5

Summer – Week 2 (w/C 27.4.2020)

Dear Year 5,

Welcome to week 2. I hope you've all managed to settle back into a 'school' routine. I know how tricky it can be to work from home and am so proud of what each and every one of you is achieving. I recognise that it's not the same as being at school and that learning can be more challenging. All I ask is that you try your hardest and if you pick up the new learning then great, if not, don't panic as we will go over it when we get back to school. It really helps if you do the sumdog, mathletics and spag.com work every week as I can see your progress via these programmes. My main concern, at this time, is that you stay busy, happy, safe and wonderful – You are a fabulous class and I know that you can rise to the challenge! Stay strong!

Miss T ☺

Maths – Co-ordinates

- **Early Morning Maths** – see resources
- **Translations** – Have a go at watching these [lessons](#) and doing the activities. (Apologies – there is no singing teacher! ☺)
- **Sumdog** – It's competition time! Can we give Year 6 a run for their money this time? Try to do as many questions as you can. (Remember...accuracy is the most important thing!)

Art/DT

- **Frottage** - Have a [texture treasure hunt](#). Can you do frottage like Max Ernst? Have a go with different colours, folding patterns, textures etc. I'd love to see your finished work. (Having had a go at this myself, my top tip is...keep sharpening your pencils and make sure you use them on their sides!)

Science – Making new plants

- Watch this [clip](#) about how flowering plants reproduce.
- Look at the powerpoint entitled 'Science – Reproduction in Plants' (see resources)
- Have a go at the 2 activities (see resources)

PE

- Try to do 60 minutes of exercise per day. Keep completing an exercise log to show what you've done.
- Complete Joe Wick's early morning workout (I'm doing it too!)

English

- **Reading comprehension** – see resources
- **Writing** – Using the information you have gathered, write a biography about a grown up member of your family (see resources)
- **Grammar & Punctuation** – Have a go at the allocated learning on [spag.com](#).
- **Spelling** – Learn your spellings for this week in your spelling books. Ask an adult to test you and let me know your score.

Geography:

- **Around the world** – Country fact files (See resources – continuing on from last week with your second country)
- **What on Earth?** – Explore the 3 countries that you are focussing on using Google Earth. What are they like? Can you find the human and physical characteristics that you are researching?

Other activities:

- Online safety – [Watch film 1 – Block him right good Alfie](#). What did you learn? Design a poster highlighting the main learning points. (see resources)

Year:5

Summer – Week 2 (w/C 27.4.2020)

Possible Websites/Resources that may be useful:

- **Classroom Secrets Learning Packs** - These packs are split into different year groups and include activities linked to reading, writing, maths and practical ideas you can do around the home.
- **Twinkl** - to access these resources click on the link and sign up using your own email address and creating your own password. Use the offer code UKTWINKLHELPS.
- **SPAG.com** - Children have logons for this site. They can go on and have a go at some of the assessments I've set up.
- **The Royal Institution: Science Lives Here** - <https://www.rigb.org/families/experimental/for-8-10-year-olds>
- **Mathletics** - Children have logons for this site. They can go on and have a go at some of the assessments I've set up.
- **National Geographic kids** - <https://www.natgeokids.com/uk/Category/discover/science/>
- **Horrible Histories** - <https://www.bbc.co.uk/cbbc/shows/horrible-histories>
- **Primary homework Help for History** - <http://www.primaryhomeworkhelp.co.uk/history/index.html>
- **Joe Wicks (The Body Coach) Daily PE Session** - <https://www.youtube.com/watch?v=qGKGZNbWjU>
- **The maths factor** - <https://www.themathsfactor.com> (This is great. A parent will need to register (which could take a few days) but then when you log in, it has video tutorials, warm up quizzes, problem solving and games. You can choose topics that you find tricky and work on them)
- **Go Noodle** – You can get individual logins for this site. It's great for keeping active.
- **Science Max** - <https://www.youtube.com/channel/UCbprhISv-oReKPPyh7-Dtw> There are weekly programmes examining different areas of science. This was recommended by a classmate!

Contact:

Mr Rose or I will endeavour to contact you each week/fortnight to discuss your learning. You can email us using years5@pimperne.dorset.sch.uk
