Dear Ms Waller

Subject: Mathematics 2017 – 2018

We would like to congratulate you, your mathematics leader and your teachers for being a school where pupils make progress in KS2 mathematics significantly above the national.

As mathematics' progress is a strength of your school then you may have assessed your school to have an outstanding maths team on the Dorset Mathematics- Self Improving System attached.

You are likely to:

- be a school with an area of attainment or progress in mathematics as significantly above the national.
- to be a school who has been involved in projects but never led an action research project.
- have a or want to develop a MaST teacher or have one in your partnership of schools.
- want to be **discovering** better ways to teach mathematics.

**Possible actions:**

- **Develop Teacher Led Research in mathematics.**
- **Develop a PD lead for mathematic in your partnership.**

With this in mind, we would like to thank your school for its commitment to developing outstanding mathematics last year and being at the forefront of Teacher Research Groups in Dorset in 2017-2018.

Yours sincerely

*JSA Fellowes*
