## PIMPERNE PRIMARY DIVERSITY, EQUITY, INCLUSION PLEDGE

*In our school: We hold up a mirror to see the diverse faces and families before us, to think about where equity for each person is and to achieve their inclusion in all aspects of school life. We are aware of privilege and disadvantage throughout the school.*

*In our partnership communities: We look through a window to grasp the potential for working together, to embrace each other's students, staff and ideas, and create the possibilities that lie therein.*

*In our world: We open the door to receive the real world in and to welcome the present. We listen, learn and observe hard; we send out diverse school life to inspire, to change, to model.*
